## **Data Retention Policy**

Winterbourne Junior Girls' School (WJGS) recognises that by efficiently managing its records, it will be able to comply with its legal and regulatory obligations and to contribute to the effective overall management of the institution. Records provide evidence for protecting the legal rights and interests of the school, and provide evidence for demonstrating performance and accountability. This document provides the policy framework through which this effective management can be achieved and audited. It covers:

- Scope
- Responsibilities
- Relationships with existing policies

### **1. Scope of the policy**

1.1 This policy applies to all records created, received or maintained by staff of the school in the course of carrying out its functions.

1.2 Records are defined as all those documents which facilitate the business carried out by the school and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. These records may be created, received or maintained in hard copy or electronically.

1.3 A small percentage of the school's records will be selected for permanent preservation as part of the institution's archives and for historical research. This should be done in liaison with the County Archives Service.

### **2. Responsibilities**

2.1 The school has a corporate responsibility to maintain its records and record keeping systems in accordance with the regulatory environment. The person with overall responsibility for this policy is the Head of the School.

2.2 The person responsible for records management in the school will give guidance for good records management practice and will promote compliance with this policy so that information will be retrieved easily, appropriately and in a timely way. They will also monitor compliance with this policy by surveying at least annually to check if records are stored securely and can be accessed appropriately.

2.3 Individual staff and employees must ensure that records for which they are responsible are accurate, and are maintained and disposed of in accordance with the school's records management guidelines.

## Data Retention Policy

### **3. Relationship with existing policies**

This policy has been drawn up within the context of:

- Data Protection policy

### **Retention Schedule**

Information (hard copy and electronic) will be retained for at least the period specified in the attached retention schedule. When managing records, the School will adhere to the standard retention times listed within that schedule.

The retention schedule refers to all records regardless of the media (e.g., paper, electronic, microfilm, photographic etc) in/on which they are stored. All records will be regularly monitored by conducting regular internal reviews

### **Destruction of Records**

The schedule is a relatively lengthy document listing the many types of records used by the School and the applicable retention periods for each record type. The retention periods are based on business needs and legal requirements.

Where records have been identified for destruction, they should be disposed of in an appropriate way. All information must be reviewed before destruction to determine whether there are special factors that mean destruction should be delayed, such as potential litigation, complaints or grievances.

All paper records containing personal information or sensitive policy information should be shredded before disposal where possible. All other paper records should be disposed of by an appropriate wastepaper merchant. All electronic information will be deleted.

The School maintains a database of records which have been destroyed and who authorised their destruction. When destroying documents, the appropriate staff member should record in this list the following: -

- File reference (or other unique identifier);
- File title/description;
- Number of files;
- Name of the authorising officer;
- Date destroyed or deleted from system; and
- Person(s) who undertook destruction.

## Data Retention Policy

### Retention of Safeguarding Records

Any allegations made that are found to be malicious must not be part of the personnel records.

For any other allegations made, the School must keep a comprehensive summary of the allegation made, details of how the investigation was looked into and resolved and any decisions reached. This should be kept on the personnel files of the accused.

Any allegations made of sexual abuse should be preserved by the School for the term of an inquiry by the Independent Inquiry into Child Sexual Abuse.. All other records (for example, the personnel file of the accused) should be retained until the accused has reached normal pension age or for a period of 10 years from the date of the allegation if that is longer. In 2022 the Independent Inquiry into Child Sexual Abuse (IICSA) concluded and published their final report, leaving a recommendation that all records relating to child sexual abuse should be retained for a period of 75 years.

The ICO has not currently produced guidance or frameworks regarding retention as recommended by the inquiry. Until this has been produced, records will still be retained for a prolonged period as recommended initially by IISCA in order to fulfill potential legal duties that a school may have in relation to the inquiry or any further guidance.

### Archiving

Where records have been identified as being worthy of preservation over the longer term, arrangements should be made to transfer the records to the archives. A database of the records sent to the archives is maintained by the School Business Manager. When archiving documents should record in this list the following information: -

- File reference (or other unique identifier);
- File title/description;
- Number of files; and
- Name of the authorising officer.

### Transferring Information to another School

We retain the pupil's educational record whilst the child remains at the School. Once a pupil leaves the School, the file should be sent to their next school. The responsibility for retention then shifts

## Data Retention Policy

onto the next school. We retain the file for a year following transfer in case any issues arise as a result of the transfer.

We may delay destruction for a further period where there are special factors such as potential litigation

### Pupil Records

All schools with the exception of independent schools, are under a duty to maintain a pupil record for each pupil. If a child changes schools, the responsibility for maintaining the pupil record moves to the next school. We retain the file for a year following transfer in case any issues arise as a result of the transfer.

### Retention Schedule
