This Week...

English

This week we started *The Tempest* by William Shakespeare. The girls learnt about the context of the play, then read and acted out a scene. They also did some descriptive writing to emphasise the mood of the setting and the characters, using literary devices.

Mathematics

We learnt how to subtract fractions with the same denominator from a whole number using various

methods to help us solve and check our calculations.

Science

The girls learnt about irreversible changes and explored how they cannot be reversed into their original state. They also explored how they are caused and used in their daily lives.

RE

The girls enjoyed creating Vaisakhi celebration cards.

They learnt about why Vaisakhi is important to Sikhs and how it is celebrated.
