

# Winterbourne Junior Girls' School

## Year 5 Newsletter

Week ending Friday 13th March 2026

This week, pupils planned and began writing the introduction of their Narrative. In Reading Comprehension, they focussed on the Retrieval Skill and in Grammar, explored adjectives.

In Maths pupils continued measuring angles around a point and drew acute and obtuse angles.

In celebration of Science Week, pupils participated in a series of Science-related enrichment activities.

The week ended with pupils joining schools around the country to participate in live lessons, where they explored how farmers, scientists and chefs come together to turn fields into feasts. The lessons also helped them to understand the science behind every ingredient we use and the technological innovations in agriculture.

### Curriculum

**Class Text:** Kensuke's Kingdom

**English:** Narrative & Assessment
