This Week...

English

We have commenced writing our science fiction stories in third person.

The girls used descriptive and emotive sentences to create mystery and suspense in their creative writing.

Mathematics

This week the girls learnt how to order, compare and convert different measurements for length, mass and volume using decimal notations.

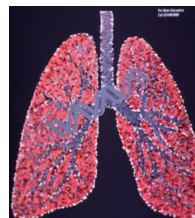

Length:	Mass:
1cm = 10mm	1cg = 10mg
1m = 1,000mm	1g = 100cg
1m = 100cm	1g = 1,000mg
1km = 1,000m	1kg = 1,000g
Capacity:	
1cl = 10ml	1l = 1,000ml

Science

This week the girls began their fitness programme to record the rate of their BPM before and after exercise.

They also investigated the major organs in our body. They learnt about their functions and their significance. In addition, they explored the location of each organ and researched how they operate as a system. Ask your daughter about the organs she investigated and the amazing facts she learnt.

History

The girls explored the timeline and discovered the significance of events in the history of the potato. They enjoyed selecting six important events and considered the positive impact it has had in our lives.

On Monday 4th May 2026 is a Bank Holiday. We will see you back at school on Tuesday 5th May 2026 at 8:45 am.
