Journey plans for our Trip to London

Year 6 worked in groups to plan their journeys to visit five famous landmarks in London, which helped them enhance their mapping skills. This exercise is important as it teaches children how to read and interpret maps, plan routes, and navigate public transportation. These skills are crucial for their transition to secondary school, where they will often need to travel further on public transport.

Windrush Day at WJGS

To celebrate Windrush Day, Year 6 girls enjoyed learning about the Windrush Generation through Coming to England by Floella Benjamin. They explored themes of migration, belonging and memories before creating colourful paintings inspired by the book. The girls had great fun expressing their ideas through art and produced some very imaginative work.

This week, the Mental Health Support Team delivered another transition workshop to help our girls prepare for their move to new schools. The session equipped them with practical problem-solving strategies and guided them in developing action plans to confidently navigate challenges and settle into their new environments.

This week, year 6s were selling the products which they made over last three weeks. The girls conducted themselves highly professionally throughout the process and certainly acquired a multitude of valuable life skills and attributes.
