3.3: Tiana & Zahara

Maths:

The girls were introduced to numbers to 1000 and the place value of hundreds, tens and ones. They used dienes to represent a range of three digit numbers. They also understood that a digit is 0,1, 2, 3, 4, 5, 6, 7, 8, 9 and when combined together, they make a number.

They also partitioned three digit numbers using the number bond method and part, part whole.

Next week, the girls will be using their knowledge of place value to find 1 more/less, 10 more/less and 100 more/less of a three digit number. As well as, learning their fours and eights times tables.
